We **do** help our customers find the right investment - but we also help with the thousand and one things that come up during the complex process of making an investment. For example, finding local legal advisors, helping you get a good independent advisor, suggestions on currency buying and, above all, making sure that the ultimate sellers of the sellers are to be trusted! So we get to know quite a lot about our customers over time! At the same time we know that our customers want their privacy - via email as much as on the phone. For these reasons, our Managing Director Chris Richards has developed the simple 5-point

Privacy and Contact Policy laid out below.

- Once you submit an enquiry, our UK-based staff will try to contact you **no more than three times** at different times of day. After that we will leave you in peace!
- We prefer telephone contact because it is so much more personal, efficient and open than email. But if you want us not to phone you, then just say so and we won't.
- If you want us to **never to contact you again** by any means, just send an enquiry stating this via the [enquiry form](#) - or phone us, +44 (0) 1684 560 785 and I will make certain that this happens - no questions asked!
- We will **never** pass your details on to a third party without your permission.
- All email newsletters we send out will contain a permanent un-subscribe link that will **stop all further email newsletter communications**.

Chris Richards, Managing Director
